## **2026 Provider Directory**

For Quartz Central – State of Wisconsin Group  
Health Insurance Program

## Care at your fingertips

With your Quartz plan, you have access to a trusted network of doctors and facilities. The Quartz Provider Directory can help you easily find an in-network doctor and other details about how and where to get care.

The information in this directory applies to most Quartz members. Some health benefits vary by plan. Please read your plan documents to confirm your coverage details.

### Note:

- Directory information may change as providers join or leave the network, move, or retire.
- Before getting care, be sure to check that the provider you want to see is in your network and taking new patients.

Please visit [QuartzBenefits.com/FindADoctor](https://QuartzBenefits.com/FindADoctor) for the most up-to-date list of providers in your network.

If you'd like a free, printed copy of our provider directory, call Quartz Customer Success, and they will mail one to you.

### Questions?

Contact us if you need help finding a provider who meets your needs, or if you have any questions. We're here to help.

# Primary coverage area for Quartz Central Network

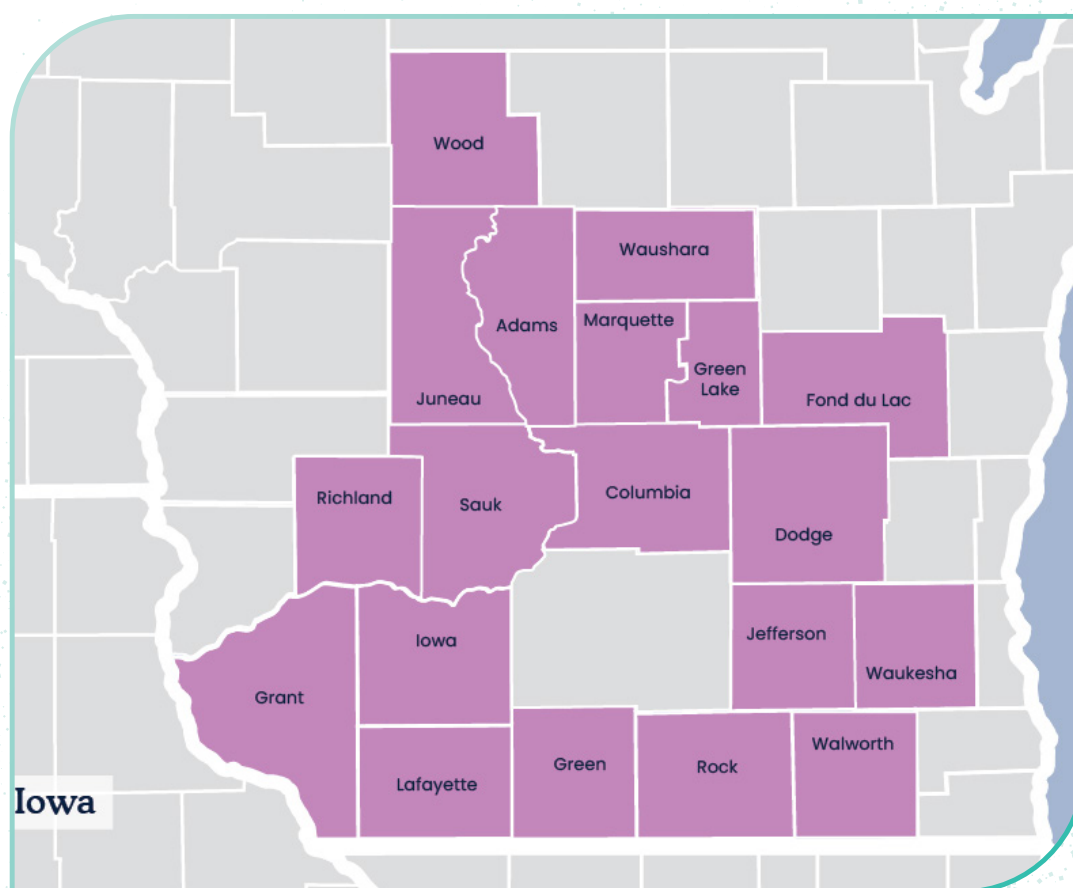

## Your provider network

Your plan includes access to health care providers in our network. A network is a group of doctors and medical professionals who have an agreement with Quartz to treat our members. They'll bill us for your care. If we don't have a contract with a provider, they're considered out-of-network.

Quartz has several different networks. Your network is listed on your ID card. You can search for providers in your network at [QuartzBenefits.com/FindADoctor](https://QuartzBenefits.com/FindADoctor). Simply pick the network name listed on your ID card, and a list of in-network providers will appear in the search results.

If you don't see a provider on the list, they are out-of-network and not likely to be covered under your plan. Some Quartz plans will cover services from doctors outside of your network. If you're unsure whether a provider is in-network or out-of-network, please call their office to check or contact Quartz Customer Success for help.

The map below shows the primary coverage area for your network. You'll see the counties where most in-network doctors are located. There may be other in-network providers outside of those counties, too. Use our Find a Doctor tool on our website to check.

### MAP KEY

- Central Network coverage area – your primary care clinic must be located in one of these counties

# Establishing primary care

[QuartzBenefits.com/FindADoctor](https://QuartzBenefits.com/FindADoctor)

We ask you to choose a primary care provider (PCP) or primary care clinic (PCC) upon enrollment. If you don't, we'll assign you a PCC near your home. You can make a new selection at any time, and family members don't need to have the same provider or clinic. Once you've chosen a PCP who best meets your needs, you can update your record via MyChart.

## Where to get care

Choose the right care at the right place based on your situation. For all types of care, check to see what your plan covers, especially before being treated by someone other than your PCP. You can see all your benefits in MyChart ([QuartzMyChart.com](https://QuartzMyChart.com)).

## MyChart keeps everything organized

As a Quartz member, MyChart is your "one-stop-shop" for immediate access to benefits, claims details, plan documents, and more. We've got everything organized for easy access when you need it. Go to [QuartzMyChart.com](https://QuartzMyChart.com) and follow the prompts to get started.

### Get the app!

Search for Quartz MyChart in your app store.

Message and data rates may apply.

## Prior authorization

Most of the time, you won't need to check with Quartz before getting care. In some situations, though, you might need our okay first before we cover the costs. This process is called prior authorization. You, your doctor, or your nurse will fill out a General Prior Authorization Request Form and send it to Quartz for our review. We will let you and your provider know if the service is covered by your plan (approved) or not covered (denied). If the request is denied, we will tell you how you can appeal the decision. Learn more about prior authorizations and download the forms at [QuartzBenefits.com/PAForms](https://QuartzBenefits.com/PAForms).

## Referrals

As a Quartz member, you'll never need a referral to see your PCP or other providers within your network.

### Note:

- Some specialists may only accept you as a patient if you've been referred by your PCP.
- When getting specialty care, you may need approval from Quartz ahead of time to be sure the services are covered by your plan.

## Pharmacy benefits

| <b>Eye clinic</b>             | An eye clinic is a medical facility specializing in diagnosing and treating eye-related conditions, often including vision care and eye exams.                                                                                                                                                                                                                                                                                                                            |
| <b>Family planning center</b> | A family planning center, also known as a reproductive health clinic, is a health care facility that provides a range of services and information related to reproductive health and family planning. These centers typically offer services to individuals and couples who are seeking assistance with planning and spacing their pregnancies, as well as those who wish to prevent or manage sexually transmitted infections (STIs).                                    |
| <b>Home health</b>            | Home health care is a wide range of health care services that can be given in your home for an illness or injury. Home health care is usually less expensive, more convenient, and just as effective as the care you get in a hospital or nursing home (skilled nursing facility).                                                                                                                                                                                        |
| <b>Home infusion</b>          | Home infusion therapy involves the intravenous or subcutaneous administration of drugs or biologicals to an individual at home. The components needed to perform home infusion include the drug (for example, antivirals, immune globulin), equipment (for example, a pump), and supplies (for example, tubing and catheters).                                                                                                                                            |
| <b>Hospice</b>                | Hospice care focuses on a person's last six or less months of life. When curative treatment is no longer an option, hospice professionals work to make the patient's life as comfortable as possible. Hospice care includes palliative care because the goal is to make the patient as comfortable as possible for the time that remains.                                                                                                                                 |
| <b>Hospital</b>               | A hospital is an institution that is built, staffed, and equipped for the diagnosis of disease, for the medical and surgical treatment of the sick and the injured, and for their housing during this process.                                                                                                                                                                                                                                                            |

|                                               |                                                                                                                                                                                                                                                                                                                                                                                                                       |

| <b>Infusion therapy</b>                       | In medicine, infusion therapy deals with all aspects of fluid and medication infusion via an intravenous or subcutaneous application. A special infusion pump can be used for this purpose. A fenestrated catheter is most frequently inserted into the localized area to be treated.                                                                                                                                 |
| <b>Inpatient rehabilitation</b>               | An inpatient rehabilitation facility is a free-standing rehabilitation hospital or a rehabilitation unit in an acute care hospital. They provide an intensive rehabilitation program and admitted patients must be able to tolerate three hours of intense rehabilitation services per day.                                                                                                                           |
| <b>Massage therapy</b>                        | The manipulation of the muscles and other soft tissues of the body (as by stroking, kneading, or rubbing with one or both hands or an instrument) by a massage therapist for therapeutic purposes (as to relieve pain, promote healing, or improve physical functioning).                                                                                                                                             |
| <b>Narcotic treatment services</b>            | Narcotic Replacement Therapy (NRT) is a comprehensive treatment with synthetic opiates approved by the United States Food and Drug Administration (FDA) for opiate-addicted patients. Authorized narcotic replacement medications are methadone, buprenorphine, naltrexone, and levo-alpha-acetylmethadol (LAAM). They are available to patients' receiving treatment in a licensed Narcotic Treatment Program (NTP). |
| <b>Nursing home/ Skilled nursing facility</b> | Nursing homes, also called skilled nursing facilities (SNFs), provide a wide range of health and personal care services. Their services focus on medical care more than most assisted living facilities. These services typically include nursing care, 24-hour supervision, three meals daily, and assistance with everyday activities.                                                                              |
| <b>Open MRI</b>                               | Open MRIs are configured to provide improved patient comfort while taking images inside the body. They have magnets above and below the patient and wide-open sides.                                                                                                                                                                                                                                                  |
| <b>Orthopedics</b>                            | A branch of medicine concerned with the correction or prevention of deformities, disorders, or injuries of the skeleton and associated structures (such as tendons and ligaments).                                                                                                                                                                                                                                    |
| <b>Pharmacies</b>                             | A store where medicinal drugs are dispensed and sold.                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Physical therapy</b>                       | The treatment of disease, injury, or deformity by physical methods such as massage, heat treatment, and exercise rather than by drugs or surgery.                                                                                                                                                                                                                                                                     |
| <b>Podiatry</b>                               | Podiatry is a branch of medicine that focuses on the diagnosis, treatment, and prevention of conditions affecting the foot and ankle.                                                                                                                                                                                                                                                                                 |

|                                |                                                                                                                                                                                                                                                                                 |
|--------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Portable X-ray supplier</b> | Portable X-ray suppliers provide diagnostic imaging services at patients' locations - most often residences, including private homes and group living facilities, such as nursing homes - rather than in a traditional clinical setting, such as a doctor's office or hospital. |
| <b>Practice location</b>       | A practice location is the health care facility where a physician spends the largest number of hours per week engaged in patient care. They may practice additional hours at other locations, too.                                                                              |
| <b>Radiology</b>               | Radiology is a medical specialty that uses imaging technologies, such as X-rays, CT scans, and MRIs to diagnose and treat diseases.                                                                                                                                             |
| <b>Renal dialysis unit</b>     | A ward where individuals with kidney failure receive dialysis treatment to remove waste products and excess fluid from their blood. Usually, outpatients may stay overnight if needed.                                                                                          |
| <b>Sports medicine clinic</b>  | Sports medicine is a branch of medicine that deals with physical fitness and the treatment and prevention of injuries related to sports and exercise.                                                                                                                           |
| <b>Telehealth</b>              | A remote scheduled appointment with a provider during clinic hours using a telephone or video chat.                                                                                                                                                                             |
| <b>Urgent care</b>             | Urgent Care Medicine provides immediate medical services in an outpatient care location for treating acute and chronic illness and injury.                                                                                                                                      |
| <b>Virtual Visit</b>           | An on-demand consultation with a provider using a computer or mobile device, no appointment is needed. May also be referred to as an e-Visit.                                                                                                                                   |

### ***Important Information about the Provider Directory***

This directory was developed to help you easily find health care providers to meet your unique needs. It contains general information that would apply to most Quartz members. However, health benefit plans vary - please read your certificate of coverage to determine what services and supplies are covered. Note:

- Information in this directory may change as providers join or leave the network, move or retire.
- You may dispute out-of-network charges if a provider was listed as in-network prior to the provision of care.
- Quartz does not use criteria such as quality measures, member experience measures or cost-related measures to select practitioners for participation in Marketplace silver tier plans.
- Quartz does not use criteria such as quality measures, member experience measures, patient safety measures or cost-related measures to select hospitals for participation in Marketplace plans.
- Before getting care, verify the provider you choose is still in Quartz's network and is accepting new patients.

## URGENT CARE

Urgent care is care you need sooner than a routine doctor's visit, but it is not emergency care.

If you go to an out of network Urgent Care or Emergency facility, call Quartz at (844) 644-3455 as soon as you can to tell us what happened.

Please contact Quartz Customer Success at (844) 644-3455 or through MyChart at QuartzMyChart.com if you have questions about your Quartz health plan coverage.

## OTHER PLAN PROVIDERS

If you have questions about your Quartz health plan coverage or want to know if a service, item or supply requires prior authorization, please contact Quartz Customer Success at (844) 644-3455 or through MyChart at QuartzMyChart.com.

**Non-emergency Behavioral Health Hospitalizations** – Quartz must give okay ahead of time. Your behavioral health provider should contact Quartz Behavioral Health Care Management at (800) 683-2300 for assistance with this prior authorization process.

Services from inpatient or residential alcohol and other drug abuse (AODA) and behavioral health facilities and clinics also require Quartz's okay ahead of time. Contact Behavioral Health Care Management at (800) 683-2300 for prior authorization.

### Outpatient Behavioral Health

Behavioral health services (except for standard outpatient sessions with an in-network provider), for alcohol and other drug abuse (AODA) and behavioral health facilities and clinics require Quartz's okay ahead of time. Contact Behavioral Health Care Management at (800) 683-2300 for prior authorization.

# SPECIALIST

Your primary care provider will help you decide if you need to see a specialist. Some benefit plans require that you obtain a referral from your primary care provider before seeing another doctor or specialist. Your certificate of coverage describes when referrals are needed. View this information by logging in to MyChart at QuartzMyChart.com or call Quartz Customer Success at (844) 644-3455 for help.
