## Care at your fingertips

With your Quartz plan, you have access to a trusted network of doctors and facilities. The Quartz Provider Directory can help you easily find an in-network doctor and other details about how and where to get care.

The information in this directory applies to most Quartz members. Some health benefits vary by plan. Please read your plan documents to confirm your coverage details.

### Note:

- Directory information may change as providers join or leave the network, move, or retire.
- Before getting care, be sure to check that the provider you want to see is in your network and taking new patients.

Please visit [QuartzBenefits.com/FindADoctor](https://www.QuartzBenefits.com/FindADoctor) for the most up-to-date list of providers in your network.

# Primary coverage area for Quartz UW Health Network

## Your provider network

Your plan includes access to health care providers in our network. A network is a group of doctors and medical professionals who have an agreement with Quartz to treat our members. They'll bill us for your care. If we don't have a contract with a provider, they're considered out-of-network.

Quartz has several different networks. Your network is listed on your ID card. You can search for providers in your network at [QuartzBenefits.com/FindADoctor](https://www.QuartzBenefits.com/FindADoctor). Simply pick the network name listed on your ID card, and a list of in-network providers will appear in the search results.

If you don't see a provider on the list, they are out-of-network and not likely to be covered under your plan. Some Quartz plans will cover services from doctors outside of your network. If you're unsure whether a provider is in-network or out-of-network, please call their office to check or contact Quartz Customer Success for help.

The map below shows the primary coverage area for your network. You'll see the counties where most in-network doctors are located. There may be other in-network providers outside of those counties, too. Use our Find a Doctor tool on our website to check.

### MAP KEY

- UW Health Network coverage area – your primary care clinic must be located in this county

# Establishing primary care

[QuartzBenefits.com/FindADoctor](https://QuartzBenefits.com/FindADoctor)

We ask you to choose a primary care provider (PCP) or primary care clinic (PCC) upon enrollment. If you don't, we'll assign you a PCC near your home. You can make a new selection at any time, and family members don't need to have the same provider or clinic. Once you've chosen a PCP who best meets your needs, you can update your record via MyChart.

## Where to get care

Choose the right care at the right place based on your situation. For all types of care, check to see what your plan covers, especially before being treated by someone other than your PCP. You can see all your benefits in MyChart ([QuartzMyChart.com](https://QuartzMyChart.com)).

## Prior authorization

Most of the time, you won't need to check with Quartz before getting care. In some situations, though, you might need our okay first before we cover the costs. This process is called prior authorization. You, your doctor, or your nurse will fill out a General Prior Authorization Request Form and send it to Quartz for our review. We will let you and your provider know if the service is covered by your plan (approved) or not covered (denied). If the request is denied, we will tell you how you can appeal the decision. Learn more about prior authorizations and download the forms at [QuartzBenefits.com/PForms](https://www.QuartzBenefits.com/PForms).

## Referrals

As a Quartz member, you'll never need a referral to see your PCP or other providers within your network.

### Note:

- Some specialists may only accept you as a patient if you've been referred by your PCP.
- When getting specialty care, you may need approval from Quartz ahead of time to be sure the services are covered by your plan.
