Using your ForwardHealth card

All Quartz BadgerCare Plus and Medicaid SSI members have a ForwardHealth card. This is a plastic card with your name, a 10-digit number, and a magnetic stripe. For Medicaid SSI members, your ForwardHealth card is different from your Quartz member ID card.

Always carry your ForwardHealth card with you. Show it every time you go to a provider or hospital and fill a prescription. You may have problems getting health care or your prescriptions if you do not have your card with you. Bring any other health insurance cards you may have. This could include an ID card from Quartz Medicaid SSI or other service providers.

You will get most of your health care through Quartz providers. However, you may need some other services using your ForwardHealth card. Use your ForwardHealth card for the below services:

- Behavioral (autism) treatment services
- Chiropractic services
- Crisis intervention services
- Community recovery services
- Comprehensive community services
- Dental service (covered for Medicaid SSI members in Milwaukee County only)
- Hub and spoke integrated recovery support health home services
- Medication therapy management
- Medications and pharmacy services
- Non-emergency medical transportation
- Prenatal care coordination
- Residential substance use disorder treatment
- School based services
- Targeted case management
- Tuberculosis-related services

Members can call Quartz at **(800) 362-3310 (TTY: 711)** for services from a provider that may not be included on this list.

If you have questions about how to use your ForwardHealth card, to report a lost, stolen, or damaged card, or to find a provider, call ForwardHealth Member Services at **(800) 362-3002**. You can also find a provider that accepts your ForwardHealth card by using these steps:

2. Click on the Members link or icon in the middle section of the page.
3. Scroll down and click on the Resources tab.
4. Click on the Find a Provider link.
5. Under Program, select BadgerCare/Medicaid.

Using your Quartz membership card

If you are a Medicaid SSI member, you will also get a Quartz member ID card to keep together with your ForwardHealth card. You may have problems getting health care or prescriptions if you don't have both of your ID cards with you. If your Quartz card is lost, damaged, or stolen, please call the HMO Enrollment Specialist at **(800) 362-3310 (TTY: 711)**.

If you are a Quartz BadgerCare Plus member, you will not receive a Quartz member ID card. Use your ForwardHealth card when you get care or go to the pharmacy.

Understanding insurance, medical, and Medicaid terms

To learn more about common insurance, medical, and Medicaid terms, go to **QuartzBenefits.com/Glossary**.

Using the Quartz Provider Directory

As a member of Quartz, you should get your health care from doctors and hospitals in the Quartz network. See our provider directory for a list of these providers. Providers accepting new patients are called out in the provider directory.

The provider directory is a list of doctors, clinics, and hospitals that you can use to get health care services as a member of Quartz. You can find the directory on our website at [QuartzBenefits.com/BCSSIProviders](https://www.QuartzBenefits.com/BCSSIProviders). Quartz offers the provider directory in different languages and formats, as well as a paper copy. Call Quartz Customer Success at **(800) 362-3310 (TTY: 711)** to request a copy.

Quartz providers are sensitive to the needs of many cultures. You can filter the Quartz provider directory for a list of providers who speak certain languages or understand certain ethnic cultures or religious beliefs. The provider directory can also tell you about the accommodations that providers offer.

Choosing a primary care provider

When you need care, call your primary care provider (PCP) first. A primary care provider could be a doctor, nurse practitioner, physician assistant, or other provider that gives, directs, or helps you get health care services. You can choose a primary care provider from the Quartz provider directory. Use the list of providers accepting new patients. If you are an American Indian or Alaska Native, you can choose to see an Indian Health Care Provider outside of our network.

Call Quartz Customer Success at **(800) 362-3310 (TTY: 711)** to choose or change your primary care provider. You can keep your current primary care provider if they are part of our provider network. Your primary care provider will help you decide if you need to see another doctor or specialist. You'll need a referral from your primary care provider to see some providers. A referral is approval from your primary care provider to see a specialist or have services in a hospital..

You may see a women's health specialist without a referral in addition to choosing a primary care provider. This could be an obstetrician and gynecologist (OB/GYN), nurse midwife, or licensed midwife.

Discussing your health care needs

The Quartz Care Management team may contact you by phone and mail to talk with you about your individual health needs and circumstances. You can ask about resources in your community or that are part of your new health plan that may be available to you. They can learn more about you and help you achieve your health goals. Call Quartz Care Management at **(866) 884-4601** to get started.

Getting the care you need

Emergency care

Emergency care is care that is needed right away for an illness, injury, symptom, or condition that is very serious. Some examples are:

- Choking
- Convulsions
- Prolonged or repeated seizures
- Serious broken bones
- Severe burns
- Severe pain
- Severe or unusual bleeding
- Suspected heart attack
- Suspected poisoning
- Suspected stroke
- Trouble breathing
- Unconsciousness

If you need emergency care, get help as quickly as possible. Try to go to a hospital or emergency room in the Quartz network for help if you can. If your condition cannot wait, go to the nearest provider (hospital, doctor, or clinic). Call 911 or your local police or fire department emergency services if the emergency is very severe and you are unable to get to the nearest provider.

If you must go to an out-of-network hospital or emergency room, you or someone else should call Quartz at **(800) 362-3310** as soon as you can to tell us what happened.

Prior authorization is not required for emergency services.

Remember, hospital emergency rooms are for true emergencies only. Unless your condition is very serious, call your doctor or our 24 hour emergency number at **(888) 297-0970** before you go to the emergency room. If you do not know if your illness or injury is an emergency, call **(800) 858-1050, TTY: (800) 947-6644**. We will tell you where you can get care. You may have to pay a copayment if you go to an emergency room for care that is not an emergency.

Urgent care

Urgent care is care for an illness, injury, or condition that needs medical help right away, but does not require emergency room care. Some examples are:

- Bleeding that is not severe
- Bruises
- Minor burns
- Minor cuts
- Most broken bones
- Most drug reactions
- Sprains

**If you are having
an emergency,
call 911**

You must get urgent care from in-network providers unless you get our approval to see an out-of-network provider. Do not go to a hospital emergency room for urgent care unless you get approval from Quartz first.

Specialty care

A specialist is a doctor who is an expert in an area of medicine. There are many kinds of specialists. Here are a few examples:

- Oncologists, who care for people with cancer.
- Cardiologists, who care for people with heart conditions.
- Orthopedists, who care for people with certain bone, joint, or muscle conditions.

Contact your primary care provider if you need care from a specialist. Most of the time, you need to get approval from your primary care provider and Quartz before seeing a specialist.

Care during pregnancy and delivery

Let Quartz and your county or tribal agency know right away if you become pregnant, so you can get the extra care you need. You do not have copayments when you are pregnant.

You must go to a hospital within the Quartz network to have your baby. Talk to your provider to make sure you know which hospital you should have your baby at. Do not go out of the area to have your baby unless you have Quartz approval. Your Quartz provider knows your history and is the best provider to help you.

Also, talk to your doctor if you plan to travel in your last month of pregnancy. Traveling during your last month of pregnancy increases the chance that your baby will be born while you are away from home. Many people have a better birthing experience when they use the doctors and hospitals that cared for them throughout their pregnancy.

Telehealth services

Telehealth is audio and video contact with your doctor or health care provider using your phone, computer, or tablet. Quartz covers telehealth services that your provider can deliver at the same quality as in-person services. This could be doctor office visits, mental health or substance use services, dental consultations, and more. There are some services you cannot get using telehealth. This includes services where the provider needs to examine you in person.

Both you and your provider must agree to a telehealth visit. You always have the right to refuse a telehealth visit and do an in-person visit instead. Your BadgerCare Plus and/or Medicaid SSI benefits and care will not be impacted if you refuse telehealth services. If your provider only offers telehealth visits and you want to do in-person, they can refer you to a different provider.

Quartz and Wisconsin Medicaid providers must follow privacy and security laws when providing services over telehealth.

Care when you are away from home

Follow these rules if you need medical care but are too far away from home to go to your regular primary care provider or clinic:

- For true emergencies, go to the nearest hospital, clinic, or doctor. Call Quartz at **(800) 362-3310** as soon as you can to tell us what happened. If you need emergency care outside of Wisconsin, out-of-area health care providers can treat you and send the bill to Quartz. You may need to pay a copayment if you get emergency care outside of Wisconsin. If you get a bill for services you got outside of Wisconsin, call Customer Success at **(800) 362-3310 (TTY: 711)**.
- For urgent or routine care away from home, you must get approval from Quartz before you go to a different doctor, clinic, or hospital. This includes children who are spending time away from home with a parent or relative. Call us at **(800) 362-3310** for approval to go to a different doctor, clinic, or hospital.
- For urgent or routine care outside the United States, call Quartz first. Quartz does not cover any services provided outside the United States, Canada, and Mexico. This includes emergency services. If you need emergency services while in Canada or Mexico, Quartz will cover it only if the doctor's or hospital's bank is in the United States. Other services may be covered with Quartz approval if the provider has a bank in the United States. Please call Quartz if you get any emergency services outside the United States.

When you may be billed for **services**

Covered and non-covered services

With BadgerCare Plus and/or Medicaid SSI, you do not have to pay for covered services other than required copayments.

You may have to pay the full cost of services if:

- The service is not covered under BadgerCare Plus or Medicaid SSI.
- You needed approval for a service from your primary care provider or Quartz, but you did not get approval before getting the service.
- Quartz determines that the service is not medically necessary for you. Medically necessary services are approved services or supplies needed to diagnose or treat a condition, disease, illness, injury, or symptom.
- You received a non-emergency service from a provider that is not in the Quartz network. Or you received a non-emergency service from a provider that does not accept your ForwardHealth card.

You can ask for non-covered services if you are willing to pay for them. You'll have to make a written payment plan with your provider. Providers may bill you up to their usual and customary charges for non-covered services.

If you get a bill for a service you did not agree to, please call **(800) 362-3310**.

Copayments

Under BadgerCare Plus and Medicaid SSI, Quartz and its providers may bill you for copayments. A copayment is a fixed amount of money you pay for a covered health care service. Copayments for Badgercare Plus and/or Medicaid SSI members are usually \$3 or less. The following members do not have to pay copayments:

- Nursing home residents
- Terminally ill members receiving hospice care
- Pregnant women
- Members younger than 19 years old
- Children in foster care or adoption assistance
- Youth who were in foster care on their 18th birthday. They don't have to pay any copays until age 26.
- Members who join by Express Enrollment
- American Indians or Alaskan Native Tribal members, children or grandchildren of a tribal member, or anyone who can get Indian Health Services. Age and income do not matter. This applies when getting items and services from an Indian Health Services provider or from the Purchase and Referred Care program.

Services covered by Quartz

Mental health and substance use services

Quartz provides mental health and substance use (drug and alcohol) services to all members. Call Quartz Behavioral Health Care Management at **(800) 683-2300**. If you need immediate help, call the Suicide & Crisis Lifeline Hotline at **988** or our 24-Hour Nurse Line at **(800) 858-1050**, which is open seven days a week.

All services provided by Quartz are private.

Family planning services

Quartz provides private family planning services to all members, including people under the age of 18. If you do not want to talk to your primary care provider about family planning, call Customer Success at **(800) 362-3310 (TTY: 711)**. We will help you choose a Quartz family planning provider who is different from your primary care provider.

We encourage you to get family planning services from a Quartz provider. This allows us to better coordinate all your health care. However, you can also go to any family planning clinic that will accept your ForwardHealth ID card, even if the clinic is not part of Quartz's provider network.

If you choose an out-of-network family planning provider for family planning services and supplies, please have your provider notify Quartz to better coordinate your care. Quartz does not require a member to obtain a referral before choosing a family planning provider.

HealthCheck services

HealthCheck covers health checkups for members younger than 21 years old. HealthCheck exams, also known as "well-child checks," are doctor visits your child or young adult has when they are well. The doctor asks questions and examines your child. This is to make sure your child is healthy and taking the right steps to stay healthy. It's a good time to ask health questions you or your child may have. HealthCheck also covers treatment for any problems found during your child's HealthCheck exam.

HealthCheck has three purposes:

1. To find and treat health problems for members younger than 21 years old.
2. To share information about special health services for members younger than 21 years old.
3. To make members younger than 21 years old eligible for some health care not otherwise covered.

The HealthCheck exam includes:

- Age appropriate immunizations (shots)
- Blood and urine lab tests
- Dental checks and a referral to a dentist beginning at 1 year old
- Health and developmental history
- Hearing checks
- Head-to-toe physical exam
- Lead testing for children ages 1 and 2 years old and children under age 6 who have never had a lead test
- Vision checks

To schedule a HealthCheck exam or for more information, call Customer Success at **(800) 362-3310 (TTY: 711)**.

If you need a ride to or from a HealthCheck appointment, please call the Wisconsin non-emergency medical transportation (NEMT) manager at **(866) 907-1493** or **TTY: 711** to schedule a ride.

Call the Wisconsin non-emergency medical transportation NEMT manager at **(866) 907-1493** (or **TTY: 711**) if you need help with getting a ride to or from the dentist's office. They can help with getting a ride.

If you have a dental emergency, you have the right to treatment within 24 hours of your request for an appointment. A dental emergency is severe dental pain, swelling, fever, infection, or injury to the teeth. If you are having a dental emergency:

 - Tell the dentist's office that you or your child are having a dental emergency.

Services not covered under **BadgerCare Plus and/or Medicaid SSI**

The services below are not covered under BadgerCare Plus and/or Medicaid SSI:

- Services that are not medically necessary
- Services that have not been approved by Quartz or your primary care provider when approval is required
- Normal living expenses like rent or mortgage payments, food, utilities, entertainment, clothing, furniture, household supplies, and insurance
- Experimental or cosmetic services or procedures
- Infertility treatments or services
- Reversal of voluntary sterilization
- Inpatient mental health stays in institutional settings for members ages 22-64, unless provided for less than 15 days instead of traditional treatment
- Room and board

In lieu of service or setting

Quartz may cover some services or care settings that are not normally covered in Wisconsin Medicaid. These services are called “in lieu of” services or settings.

The following in lieu of services or settings are covered under BadgerCare Plus or Medicaid SSI:

- Inpatient mental health services in an institute of mental disease (IMD) for a person 22-64 years of age for no more than 15 days during a month.
- Sub-acute community based clinical treatment (short-term residential mental health services).

Deciding if an “in lieu of” service or setting is right for you is a team effort. Quartz will work with you and your provider to help you make the best choice. You have a right to choose not to participate in one of these settings or treatments.

Getting a **second medical opinion**

If you disagree with your doctor’s treatment recommendations, you may be able to get a second medical opinion. Contact your provider or Customer Success at **(800) 362-3310 (TTY: 711)** for information.

Care management (coordination)

As a member of Quartz, you have access to a care management team at no extra cost. They will help you identify and meet your health and wellness goals. The care management team will also connect you with providers, community services, and social supports.

When you sign up for our plan, you will get an outreach letter or call to talk about your unique health needs. It is important to respond so we know how to best meet your needs. You can also call the Care Management team directly at **(866) 884-4601**.

Your care manager can also help you transition from the hospital or other care settings to home. Call your care manager at **(866) 884-4601** for help if you are hospitalized.

Completing an **advance directive, living will, or power of attorney** for health care

Sometimes people become unable to make health care decisions for themselves due to accidents or serious illness. You have the right to decide what you want to happen when you're not able to make decisions for yourself. This means you can develop an "advance directive."

There are different types of advance directives and different names for them. Documents called "living will" and "power of attorney for health care" are examples of advance directives.

You decide whether you want an advanced directive. Your providers can explain how to create and use an advance directive. But, they cannot force you to have one or treat you differently if you don't have one.

Contact your provider if you want to know more about advance directives. You can also find advance directive forms on the Wisconsin Department of Health Service (DHS) website at **dhs.wisconsin.gov/forms/advdirectives**.

You have the right to file a grievance with the DHS Division of Quality Assurance if your advance directive, living will, or power of attorney wishes are not followed. You can get help filing a grievance by calling the DHS Division of Quality Assurance at **(800) 642-6552**.

New treatments and services

Quartz has a process for reviewing new types of services and treatments. As part of the review process, Quartz:

- Reviews scientific studies and standards of care to make sure new treatments or services are safe and helpful.
- Looks at whether the government has approved the treatment or service.

Other insurance

Tell your providers if you have other insurance in addition to BadgerCare Plus or Medicaid SSI. Your providers must bill your other insurance before billing Quartz. If your Quartz provider does not accept your other insurance, call the HMO Enrollment Specialist at **(800) 291-2002**. They can tell you how to use both insurance plans.

If you move

If you are planning to move, contact your county or tribal agency. If you move to a different county, you must also contact the county or tribal agency in your new county to update your eligibility for BadgerCare Plus or Medicaid SSI.

If you move out of Quartz's service area, call the HMO Enrollment Specialist at **(800) 291-2002**. They will help you choose a new HMO that serves your new area.

Changes in your Medicaid coverage

If you have moved from ForwardHealth or a BadgerCare Plus or Medicaid SSI HMO to a new BadgerCare Plus or Medicaid SSI HMO, then you have the right to:

- Continue to see your current providers and access your current services for up to 90 days. Please call your new HMO when you enroll to let them know who your provider is. If this provider is still not in the HMO network after 90 days, you will choose a new provider that is in the HMO network.
- Get services that you need to avoid serious health risk or hospitalization.

Call Quartz Customer Success at **(800) 362-3310 (TTY: 711)** for more information about changes in your coverage.

Quartz exemptions

Quartz is a health maintenance organization, or HMO. HMOs are insurance companies that offer services from select providers.

Generally, you must enroll in an HMO to get health care benefits through BadgerCare Plus and Medicaid SSI. An HMO exemption means you don't have to join an HMO to get your BadgerCare Plus or Medicaid SSI benefits. Most exemptions are granted for only a short period of time. It's usually to allow you to complete a course of treatment before you are enrolled in an HMO.

If you think you need an exemption from HMO enrollment, call the HMO Enrollment Specialist at **(800) 291-2002** for more information.

When can I file an appeal?

You (or your representative) must request an appeal within 60 days of the date on the letter you get describing the adverse benefit determination.

(continued)

You have 10 calendar days from the letter to ask for a continuation of benefits while your State Fair Hearing is going on.

If Quartz's decision about your appeal is not in your favor, you might have to pay Quartz back for the service you got during the appeal process.

Quartz will send you the result of your appeal and a notice of adverse benefit determination letter resolution letter.
