

## Certification Required for CMS Section 111 Reporting - Minnesota

In accordance with Section 111 of the Medicare, Medicaid, and SCHIP Extension Act of 2007, we are required to verify your employer group size annually. This mandatory verification provides us with the necessary data to report Medicare Secondary Payer information to the Centers for Medicare and Medicaid Services (CMS). This information also allows us to determine whether your group is considered a large or small group under Affordable Care Act regulations and accurately apply state and federal regulations as they relate to your group. Failure to accurately respond may result in penalties imposed by the federal government.
