

PREVENTIVE CARE Just Got Better

Your health is important to us. That's why we're making it easier than ever to get the care you need for certain chronic conditions. **New free and reduced cost preventive benefits take effect starting January 1, 2020 for many Quartz members.*** See if you qualify and start saving.

MEDICAL BENEFITS

These medical benefits will be available at \$0 cost sharing for members with the specified chronic condition –

- ▶ Blood pressure monitor for members diagnosed with hypertension (high blood pressure)
- ▶ Retinopathy screening and hemoglobin A1c testing for members diagnosed with diabetes
- ▶ International normalized ratio (INR) testing for members diagnosed with liver disease or bleeding disorders
- ▶ Low-density lipoprotein (LDL) testing for members diagnosed with heart disease

PHARMACY BENEFITS

Quartz is changing the cost sharing on some pharmacy services and drug categories aimed at treating asthma, congestive heart failure, coronary artery disease, depression, diabetes, heart disease, osteopenia and / or osteoporosis. You'll save money on more Quartz covered drugs, as they will move to value pricing (called the Rx Outcomes value tier). Not all drugs in each category below are included in this change. Please check the formulary to see which drugs are considered preventive and included in the value tier of our Rx Outcomes benefit.

Pharmacy Supplies

- ▶ Glucometer and diabetic testing supplies
- ▶ Peak flow meter

Drug Categories

- ▶ Angiotensin-converting enzyme (ACE) inhibitors
- ▶ Antiresorptive therapy drugs
- ▶ Beta blockers
- ▶ Inhaled corticosteroids
- ▶ Insulin and other glucose lowering agents
- ▶ Serotonin reuptake inhibitors (SSRIs)
- ▶ Statins

Your cost sharing for specific drugs and supplies covered under this benefit is \$0 - \$10, depending on your plan. See your policy documents and the Quartz formulary for more information.
