Dear Physicians Plus Member:

Thank you for being a loyal Physicians Plus member. You have probably heard that Physicians Plus, along with Unity Health Plans Insurance Corporation and Gundersen Health Plan, have come together under the new brand name, Quartz.

With this change, we wanted to share that you will automatically be enrolled in **Quartz – Community** in 2018, unless you choose another plan during the It's Your Choice open enrollment period.

As there are some changes in network, we recommend you check to make certain all of the Primary Care Providers (PCPs) and any specialty providers you or your family use are still within your network. You can check the providers that will be available to you Quartz – Community by visiting ChooseQuartz.com/findadoctor. Review the **2018 Quartz – Community Provider Directory**.

If you would like more information about the plan options available to you in 2018, you can learn more at etf.wi.gov.

Provider network changes will take place on January 1, 2018. Please continue to use the Physicians Plus provider network and information until your plan changes. Be sure to watch for the Quartz subscriber letter and termed provider list, which will be sent to you shortly.

Sincerely,

Cari Alexander

Sr. Government Program Manager

INFORMATION

- Physicians Plus is the newest affiliate of Quartz.*

NEXT STEPS

- It's Your Choice Open Enrollment is from October 2-27, 2017. You will automatically be enrolled in Quartz – Community if you do nothing.
- Check to see if your PCP is still within your new network.
