# 2026 Provider Directory

For Cigna PPO

Quartz Health Insurance Corporation (QHIC) offers PPO plans to employer groups in the state of Illinois. QHIC leases the national CIGNA PPO network from Evernorth Health Services for these PPO plans.

To obtain a printed copy of the CIGNA PPO provider directory, you will conduct a search based on city, state, zip and by “Doctor by Type”, “Doctor by Name” or “Health Facilities and Group Practices”. When you submit your search criteria, the results will display online, and you can then click on the “Print/Save PDF” link at the bottom of the page to enter the email you would like the results sent to.

To produce a printed provider directory you will utilize this link [Cigna Health Care Provider Directory](#), which indicates “By clicking this link, you will leave the Quartz website and be directed to a third-party website”.
