To obtain a printed directory, you will use this link [Provider Directory](#) (please note this link takes you directly to the MultiPlan website). You will go the "Directory to include" column and narrow your "Location" search by zip code, city, county, or state and then "Select All" or specific "Doctor" and/or "Facility" "Provider Type(s)". You can "Sort Results" before you click on "Continue". The next tab will ask you to enter the email you would like the printed directory to you. You receive an email with a link to the directory a few minutes after you "Create Directory" (depending on the size of the directory file).

You can also view the online provider directory by following the link from [Find a Doctor Network Listing - Quartz Benefits](#) and navigate to [PPO - PHCS/MultiPlan/Health EOS†](#) (By clicking this link, you will leave the Quartz website and be directed to a third-party website.) Once you land on the Claritev website, you will be able to select the customized network for Quartz as shown on your ID card.
