- For the Quartz Dual Eligible provider directory, visit **[QuartzBenefits.com/Dualfindadoctor](https://www.QuartzBenefits.com/Dualfindadoctor)**

Some network providers may have been added or removed from our network after this directory was printed. We do not guarantee that each provider is still accepting new members.

For any questions about the information contained in this directory or to get the most up-to-date information about Quartz Medicare Advantage's plan network providers in your area, you may:

- Visit **[QuartzBenefits.com/MedicareAdvantage](https://www.QuartzBenefits.com/MedicareAdvantage)**
- Call a Quartz Champion at (800) 394-5566, Monday - Friday from 8 a.m. to 8 p.m. From October 1 through March 31, seven days a week from 8 a.m. to 8 p.m.
- Call TTY 711 for people who are deaf, hard of hearing, or speech impaired.
- Call through a video relay service company of your choice. Interpreter services are provided free of charge to you.
- We can also give you the information in large print or other alternate formats.

Quartz Medicare Advantage will mail a hard copy of the provider directory to you within three (3) business days of your request. Quartz Medicare Advantage may ask whether your request for a hard copy is a one-time request or if you are requesting to receive the provider directory in hard copy permanently.

If you request it, your request for hard copies of the provider directory remains until you leave Quartz Medicare Advantage or request that hard copies be discontinued.

Other pharmacies/physicians/providers are available in our network.

The provider network may change at any time. You will receive notice when necessary.

## **Introduction**

This directory provides a list of Quartz Medicare Advantage and Quartz Dual Eligible network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage document.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers. Choosing a PCP is required when you enroll in one of Quartz's Medicare Advantage plans.

## **Selecting a Primary Care Provider**

As a Quartz Medicare Advantage (HMO) or Quartz Dual Eligible member, you should choose one of our network providers listed in this directory to be your Primary Care Provider (PCP). Generally, you must get your health care services from network providers.

## **Aurora Health Quartz Medicare Advantage plans**

- If you receive your services through Aurora Health Care, you may get help finding or changing your PCP by calling (414) 290-9671.
- If you receive your services through ProHealth Care, you may get help finding or changing your PCP by calling the ProHealth Physician Referral Line at (262) 928-2745.

## **Gundersen Quartz Medicare Advantage & Gundersen MN Quartz Medicare Advantage plans**

- For help finding or changing your PCP, you may call Gundersen Health System New Patient Registration Department at (608) 775-0601.

## **UW Health Quartz Medicare Advantage & UW Health IL Quartz Medicare Advantage plans**

- If you receive your services through UW Health in Illinois, you may get help finding or changing your PCP by calling the HealthConnect Department at (779) 696-7081.
- If you receive your services through UW Health, you may get help finding or changing your PCP by calling the UW Health Welcome Center at (608) 821-4819.
- If you receive your services through UnityPoint Health – Meriter, for help finding or changing your PCP, you may call a Quartz Champion at (800) 394-5566 (TTY: 711).

## **Emergency/Urgent Care**

You may receive covered emergency medical care whenever you need it worldwide and urgently needed services when out of the plan's service area. Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health.

- If you are seen in the emergency room and are admitted, we will communicate with that provider to manage and follow up on your care.
- If your emergency care is provided by a network provider, you are entitled to follow-up care to be sure your condition continues to be stable.
- If your emergency care is provided by an out-of-network provider, you are entitled to follow-up care to be sure your condition is stable enough to allow travel home, where you can be treated in-network. We will then try to arrange for network providers to take over your care as soon as your medical condition and circumstances allow.

Non-emergency services by non-network providers will require a referral authorization from your network provider. Referral authorization must be approved before services can be rendered. If you should receive a bill for the full cost of your covered services from a non-network provider, submit it to Quartz Medicare Advantage for processing and determination of your liability, if any.

For more information, see the Medical Benefits Chart in Chapter 4 of your Evidence of Coverage document, which is available in your Quartz MyChart account.

Please note that although services are provided through the Quartz Medicare Advantage network delivery system, the continued participation of a doctor, hospital, or facility cannot be guaranteed. We recommend that you confirm the participation of the provider before scheduling an appointment.

You must use network providers except in emergency or urgent care situations. If you obtain routine care from out-of-network providers, neither Medicare nor Quartz Medicare Advantage will be responsible for the costs.

## **What is the service area for your Quartz Medicare Advantage or Quartz Dual Eligible plan?**

Each Quartz Medicare Advantage or Quartz Dual Eligible plan maintains separate county eligibility requirements, premiums, and benefits. As a member, you are limited to the supplemental benefits and the corresponding providers noted in your Evidence of Coverage. For more information, see Chapter 1, Section 2.3 of your Evidence of Coverage.

# Facility services definitions

## Understanding common facilities and related services

Health insurance terminology can sometimes be complicated, but this handy guide will help.

<b>Ambulatory surgery center</b>	Outpatient surgery, also known as ambulatory surgery, day surgery, day case surgery, or same-day surgery, is surgery that does not require an overnight hospital stay.
<b>Anesthetists</b>	Anesthesiology is the medical specialty focused on the total perioperative care of patients before, during, and after surgery. It encompasses anesthesia, intensive care medicine, critical emergency medicine, and pain medicine.
<b>Anti-Hemophiliac factor</b>	Factor VIII is an essential blood-clotting protein, also known as an anti-hemophilic factor.
<b>Audiology</b>	Audiology is a branch of science that studies hearing, balance, and related disorders. Audiologists treat those with hearing loss and proactively prevent related damage. By employing various testing strategies, audiologists aim to determine whether someone has normal sensitivity to sounds.
<b>Autism treatment</b>	Autism, or autism spectrum disorder (ASD), refers to a broad range of conditions characterized by challenges with social skills, repetitive behaviors, speech, and nonverbal communication.

<p><b>Behavioral health</b></p>	<p>Behavioral health is a term that includes many aspects of a person’s well-being, such as mental health, substance use, harmful behaviors, or overall emotional wellness.</p>
<p><b>Behavioral health AODA residential/transitional</b></p>	<p>A residential treatment center refers to a licensed residential facility that is non-hospital based and provides voluntary, non-acute 24-hour individualized clinical treatment from a multi-disciplinary team in a contained, safe, and structured environment. A transitional residential treatment service is a clinically supervised, peer-supported therapeutic environment with clinical involvement.</p>
<p><b>Behavioral health day treatment</b></p>	<p>“Day treatment” or “day hospital” means a non-residential intensive program that provides a mix of psychosocial treatment, education, recreational activities, and follow-up services to alleviate problems related to mental health or substance abuse issues.</p>
<p><b>Behavioral health inpatient</b></p>	<p>Psychiatric hospitals, also known as mental health units or behavioral health units, are acute care hospitals or hospital units specializing in treating severe mental disorders, such as major depressive disorder, schizophrenia, and bipolar disorder. Care is provided 24 hours a day, seven days a week, by or under the direction of a psychiatrist or psychiatric nurse practitioner.</p>

<b>Birth to Three</b>	The Birth to Three (or Birth to 3) Program is a federally-mandated Early Intervention program (Part C of the Individuals with Disabilities Education Act—IDEA) to support families of children under age three with developmental delays or disabilities.
<b>Chiropractic</b>	Chiropractic is an alternative medicine concerned with diagnosing and treating mechanical disorders of the musculoskeletal system, especially the spine.
<b>Clinics</b>	A clinic is a health facility where people go for medical care or advice.
<b>Clinics - Specialty care</b>	Specialty care means advanced medically necessary care and treatment of specific physical, mental or behavioral health conditions, or those health conditions that may manifest in particular ages or subpopulations, that are provided by a specialist, preferably in coordination with a primary care professional or other health care professional.
<b>Durable medical equipment</b>	Durable medical equipment is medical equipment ordered by a health care provider for everyday or extended use. Some examples are CPAP devices, crutches, hospital beds, orthotics, and wheelchairs.
<b>Durable medical equipment - Bone growth stimulator</b>	Bone growth stimulation is used to promote bone healing in difficult-to-heal fractures or fusions by applying electrical or ultrasonic current to the fracture/fusion site. An electrical osteogenesis stimulator is a device that provides electrical stimulation to augment bone repair.

<p><b>Durable medical equipment - Insulin pump</b></p>	<p>Insulin pumps are small, computerized devices that mimic how the human pancreas works by continuously delivering small doses of short-acting insulin (basal rate).</p>
<p><b>Durable medical equipment - Respiratory</b></p>	<p>Durable medical equipment (DME) includes the different types of oxygen equipment necessary to care for patients with respiratory ailments.</p>
<p><b>Durable medical equipment - Wound vac</b></p>	<p>Negative-pressure wound therapy, also known as a vacuum-assisted closure, is a therapeutic technique using a suction pump, tubing, and a dressing to remove excess exudate and promote healing in acute or chronic wounds and second- and third-degree burns.</p>
<p><b>Eye clinic</b></p>	<p>An eye clinic is a medical facility specializing in diagnosing and treating eye-related conditions, often including vision care and eye exams.</p>
<p><b>Family planning center</b></p>	<p>A family planning center, also known as a reproductive health clinic, is a healthcare facility that provides a range of services and information related to reproductive health and family planning. These centers typically offer services to individuals and couples who are seeking assistance with planning and spacing their pregnancies, as well as those who wish to prevent or manage sexually transmitted infections (STIs).</p>

<b>Home health</b>	Home health care is a wide range of health care services that can be given in your home for an illness or injury. Home health care is usually less expensive, more convenient, and just as effective as the care you get in a hospital or nursing home (skilled nursing facility).
<b>Home infusion</b>	Home infusion therapy involves the intravenous or subcutaneous administration of drugs or biologicals to an individual at home. The components needed to perform home infusion include the drug (for example, antivirals, immune globulin), equipment (for example, a pump), and supplies (for example, tubing and catheters).
<b>Hospice</b>	Hospice care focuses on a person's last six or less months of life. When curative treatment is no longer an option, hospice professionals work to make the patient's life as comfortable as possible. Hospice care includes palliative care because the goal is to make the patient as comfortable as possible for the time that remains.
<b>Hospital</b>	A hospital is an institution that is built, staffed, and equipped for the diagnosis of disease, for the medical and surgical treatment of the sick and the injured, and for their housing during this process.

<p><b>Infusion therapy</b></p>	<p>In medicine, infusion therapy deals with all aspects of fluid and medication infusion via an intravenous or subcutaneous application. A special infusion pump can be used for this purpose. A fenestrated catheter is most frequently inserted into the localized area to be treated.</p>
<p><b>Inpatient rehabilitation</b></p>	<p>An inpatient rehabilitation facility is a free-standing rehabilitation hospital or a rehabilitation unit in an acute care hospital. They provide an intensive rehabilitation program and admitted patients must be able to tolerate three hours of intense rehabilitation services per day.</p>
<p><b>Massage therapy</b></p>	<p>The manipulation of the muscles and other soft tissues of the body (as by stroking, kneading, or rubbing with one or both hands or an instrument) by a massage therapist for therapeutic purposes (as to relieve pain, promote healing, or improve physical functioning).</p>
<p><b>Narcotic treatment services</b></p>	<p>Narcotic Replacement Therapy (NRT) is a comprehensive treatment with synthetic opiates approved by the United States Food and Drug Administration (FDA) for opiate-addicted patients. Authorized narcotic replacement medications are methadone, buprenorphine, naltrexone, and levo-alpha-acetylmethadol (LAAM). They are available to patients receiving treatment in a licensed Narcotic Treatment Program (NTP).</p>

<p><b>Nursing home/ Skilled nursing facility</b></p>	<p>Nursing homes, also called skilled nursing facilities (SNFs), provide a wide range of health and personal care services. Their services focus on medical care more than most assisted living facilities. These services typically include nursing care, 24-hour supervision, three meals daily, and assistance with everyday activities.</p>
<p><b>Open MRI</b></p>	<p>Open MRIs are configured to provide improved patient comfort while taking images inside the body. They have magnets above and below the patient and wide-open sides.</p>
<p><b>Orthopedics</b></p>	<p>A branch of medicine concerned with the correction or prevention of deformities, disorders, or injuries of the skeleton and associated structures (such as tendons and ligaments).</p>
<p><b>Pharmacies</b></p>	<p>A store where medicinal drugs are dispensed and sold.</p>
<p><b>Physical therapy</b></p>	<p>The treatment of disease, injury, or deformity by physical methods such as massage, heat treatment, and exercise rather than by drugs or surgery.</p>
<p><b>Podiatry</b></p>	<p>Podiatry is a branch of medicine that focuses on the diagnosis, treatment, and prevention of conditions affecting the foot and ankle.</p>
<p><b>Portable X-ray supplier</b></p>	<p>Portable X-ray suppliers provide diagnostic imaging services at patients' locations - most often residences, including private homes and group living facilities, such as nursing homes - rather than in a traditional clinical setting, such as a doctor's office or hospital.</p>

<b>Practice location</b>	A practice location is the health care facility where a physician spends the largest number of hours per week engaged in patient care. They may practice additional hours at other locations, too.
<b>Radiology</b>	Radiology is a medical specialty that uses imaging technologies, such as X-rays, CT scans, and MRIs to diagnose and treat diseases.
<b>Renal dialysis unit</b>	A ward where individuals with kidney failure receive dialysis treatment to remove waste products and excess fluid from their blood. Usually, outpatients may stay overnight if needed.
<b>Sports medicine clinic</b>	Sports medicine is a branch of medicine that deals with physical fitness and the treatment and prevention of injuries related to sports and exercise.
<b>Urgent care</b>	Urgent Care Medicine provides immediate medical services in an outpatient care location for treating acute and chronic illness and injury.

## Quartz Medicare Advantage (HMO) & Quartz Medicare Advantage Dual Eligible with Rx 2024 Pharmacy Directory

The pharmacy directory was last updated on April 26, 2024, for distribution on January 1, 2024. For more recent information or other questions, please contact a Quartz Champion at (800) 394-5566, Monday through Friday, from 8 a.m. to 8 p.m. From October 1 through March 31, we're available seven days a week from 8 a.m. to 8 p.m. For people who are deaf, hard of hearing, or speech impaired, please call TTY 711, which is free of charge. You may also visit our website at [QuartzBenefits.com/MedicareAdvantage](https://QuartzBenefits.com/MedicareAdvantage).

Changes to our pharmacy network may occur during the benefit year. An updated Pharmacy Directory is located on our website at [QuartzBenefits.com/MedicareAdvantage](https://QuartzBenefits.com/MedicareAdvantage). You may also call a Quartz Champion at (800) 394-5566. For people who are deaf, hard of hearing or speech impaired, please call TTY 711, which is free of charge.

## Introduction

This booklet provides a list of Quartz Medicare Advantage's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and the Quartz Medicare Advantage (HMO)'s formulary (drug list).

When this pharmacy directory refers to "we," "us," or "our," it means Quartz Health Plan Corporation and Quartz Health Plan MN Corporation. When it refers to "plan" or "our plan," it means Quartz Medicare Advantage (HMO).

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to plan members. In most cases, your prescriptions are covered under our plan only if they are filled at a network pharmacy or through our mail-order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer

pharmacies in our network that are not listed. This list is current as of April 26, 2024. For the most current list, please contact us. Our contact information appears on the back cover page.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

If you have questions about this information, please see the last cover page of this directory for information on how to contact us.

The participating pharmacies within the Quartz Medicare Advantage and Quartz Dual Eligible service areas are listed in the pharmacy directory. The pharmacies are displayed by provider type (retail, chain, home infusion, long-term care, etc.) and then listed alphabetically within each state, county, and city.

## LONG TERM CARE (LTC) PHARMACIES

Residents of a long-term care facility may access their prescription drugs covered under Quartz Medicare Advantage and Quartz Dual Eligible through the facility's long-term care pharmacy or another network long-term care pharmacy.

A 90 symbol following the pharmacy's name indicates the pharmacy offers a 90-day supply.

A H symbol following the pharmacy's name indicates the pharmacy administers vaccines.

Contact facility for office hours.

## RETAIL AND CHAIN PHARMACIES

The participating pharmacies within the Quartz Medicare Advantage and Quartz Dual Eligible service area are listed in the Pharmacy Directory. The pharmacies are displayed by provider type (retail, chain, home infusion, long term care, etc.) then listed alphabetically within each state, county and city.

A 90 symbol following the pharmacy's name indicates the pharmacy offers a 90-day supply.

A ⇆ following the pharmacy's name indicates the pharmacy administers vaccines.

Contact facility for office hours.

## MAIL ORDER PHARMACIES

You can get prescription drugs shipped to your home through our network mail-order delivery program.

For refills of your mail order prescriptions, please contact us 2 weeks before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time.

Typically, you should expect to receive your prescription drugs within 10 days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please call a Quartz Champion at (800) 394 - 5566, Monday through Friday from 8 a.m. to 8 p.m. From October 1 through March 31, we are also available to assist you on Saturdays and Sundays from 8 a.m. to 8 p.m. TTY users should call 711 or (800) 877 - 8973, which is free of charge. You may also visit our website at [QuartzBenefits.com/MedicareAdvantage](http://QuartzBenefits.com/MedicareAdvantage).

A 90 symbol following the pharmacy's name indicates the pharmacy offers a 90-day supply.

A ⇆ following the pharmacy's name indicates the pharmacy administers vaccines.
