Establishing primary care

All Quartz members must choose a primary care provider (PCP) or primary care clinic (PCC) at enrollment. Otherwise, Quartz will assign a primary care clinic near your home.

- Family members can choose different providers and clinics.
- When you receive your member ID card, please confirm the right PCC is listed.
- You can choose a new PCP or PCC at any time, just update your account in MyChart (QuartzMyChart.com) or call Customer Success at (844) 644-3455.

Important reminders

- You don't need a referral to see an in-network provider.
- Certain services may require authorization ahead of time. Go to QuartzBenefits.com/priorauth for details.
