Quartz Medicare Advantage (HMO)

2027 Formulary

(List of Covered Drugs)

PLEASE READ:
THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN

HPMS Approved Formulary File Submission ID 27354, Version Number 10
This formulary was updated on 01/01/2027. For more recent information or other questions, please call a Quartz Champion at **(800) 394-5566 (TTY: 711)**, Monday through Friday, from 8 a.m. to 8 p.m. October 1 through March 31, we're available daily from 8 a.m. to 8 p.m. You can also reach us on our website at **QuartzBenefits.com/MedicareAdvantage**.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this Drug List (formulary) refers to "we," "us," or "our," it means Quartz Health Plan Corporation and Quartz Health Plan MN Corporation. When it refers to "plan" or "our plan," it means Quartz Medicare Advantage (HMO).

This document includes a Drug List (formulary) for our plan, which is current as of 01/01/2027. For an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the formulary, appear on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2027, and from time to time during the year.

What is the Quartz Medicare Advantage (HMO) formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by us in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. We will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Quartz Medicare Advantage (HMO) network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the formulary (Drug List) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: **QuartzBenefits.com/2027MAFormulary**.

Changes that can affect you this year

In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand-name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand-name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.

  We can make these immediate changes only if we are adding a new generic version of a brand-name drug, or adding certain new biosimilar versions of an original biological product that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

  If you are currently taking the brand-name drug or original biological product, we may

not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled "How do I request an exception to the Quartz Medicare Advantage (HMO) formulary?"

Some of these drug types may be new to you. For more information, see the section below titled "What are original biological products and how are they related to biosimilars?"

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines it must be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.

- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may remove a brand-name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand-name drug or original biological product, or move it to a different cost-sharing tier, or both. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

  If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled "How do I request an exception to the Quartz Medicare Advantage (HMO) formulary?"

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2027 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2027 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get a direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 01/01/2027. To get updated information about the drugs covered by our plan, please contact us. Our contact information appears on the front and back cover pages. You may find the most up-to-date formulary by visiting our website at **QuartzBenefits.com/2027MAFormulary**. If we update our printed formulary with non-maintenance formulary changes, we will send you a notice that includes this information.

How do I use the formulary?

There are two ways to find your drug within the formulary:

1. Medical condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category titled "Cardiovascular Agents." If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

2. Alphabetical listing

If you are not sure what category to look under, you should look for your drug in the Index that can be found at the end of this document. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index.

Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Our plan covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs. There are generic drug substitutes available for many brand-name drugs. Generic drugs usually can be substituted for the brand-name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand-name drugs.

For discussion of drug types, please see the “Drug List” in Chapter 5, Section 3.1 of your Evidence of Coverage, which details which Part D drugs are covered.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior authorization:** Our plan requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from us before you fill your prescriptions. If you don't get approval, we may not cover the drug.
- **Quantity limits:** For certain drugs, our plan limits the amount of the drug that we will cover. For example, our plan provides 4 tablets per 28 days for alendronate 70 mg tablets. This may be in addition to a standard one-month or three-month supply.
- **Step therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking at the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appear on the front and back cover pages.

You can ask us to make an exception to these restrictions or limits or for a list of other similar drugs that may treat your health condition. See the section "How do I request an exception to the Quartz Medicare Advantage (HMO) formulary?" on page VI for information about how to request an exception.

What if my drug is not on the formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact a Quartz Champion and ask if your drug is covered.

If you learn that we do not cover your drug, you have two options:

- You can ask a Quartz Champion for a list of similar drugs that are covered by us. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by our plan.
- You can ask us to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Quartz Medicare Advantage (HMO) formulary?

You can ask us to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a predetermined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, our plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- You can ask us to cover a formulary drug at a lower cost-sharing level unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug.

Generally, we will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a tiering or formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception**. Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 108 days you are a member of our plan.

For each of your drugs that is not on our formulary, or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan for fewer than 108 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary, or if your ability to get your drugs is limited but you are past the first 108 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

What if I experience a change in the level of care that I have been receiving, such as a transition from one facility or treatment center to another?

We will make every effort to expedite these transitions in collaboration with the pharmacy benefit manager. There will be automated claims processing logic to override refill-too-soon rejections, non-formulary rejections, prior authorization requirements, step therapy requirements, or non-safety related drug utilization review (DUR) reasons to facilitate a smooth transition between the level of care issues.

Quartz Medicare Advantage (HMO) Formulary

The formulary that begins on page 1 provides coverage information about the drugs covered by our plan. If you have trouble finding your drug in the list, turn to the Index that can be found at the end of this document.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., ELIQUIS), and generic drugs are listed in lowercase italics (e.g., *atorvastatin*).

The information in the Requirements/Limits column tells you if we have any special requirements for the coverage of your drug.

How much do I pay for Part D medications?

The Initial coverage stage begins after you pay your deductible. Find the table that applies to the plan you are in. You pay the amounts shown in the table until you reach your out-of-pocket cost of **$2,400**. After this, you enter the Catastrophic stage of coverage, which is when the plan pays the full cost for your covered Part D drugs and you pay nothing.

Payment definitions:

- “Deductible” is the amount you pay for drugs before our plan begins to pay its share. It only applies to drugs on Tiers 3, 4, and 5.
- “Copayment” is a fixed amount you pay each time you fill a prescription.
- “Coinsurance” is a percentage of the total cost you pay each time you fill a prescription.

Insulin - You won't pay more than $35 per month (or 20-25%, whichever is less) for covered insulin, no matter what tier it is on.

Vaccines - our plan covers Part D vaccines (e.g, Tetanus (Tdap), shingles, etc) at no extra cost, even if your plan has a deductible and you haven't paid it. There is no extra cost for vaccines received in a pharmacy. You will need to submit a reimbursement form for Part D vaccines received in a clinic.

Opioids - You can get up to a 30-day supply of covered opioid pain medications. To help promote safe use, extended-day supplies are not covered.

*Tier 3 includes many common brand-name drugs, some higher-cost generic drugs, and insulin.
**Tier 5 (Specialty) 30-day supply is available in retail and specialty pharmacy locations only; not available through mail-order pharmacies. The exact coinsurance varies by plan type so please see

***Tier 6 includes many low-cost medications that treat diabetes, high blood pressure, high cholesterol, and other conditions.

Notice of nondiscrimination

Discrimination is against the law.

Quartz Medicare Advantage (HMO) and Quartz Med Advantage Dual Eligible w/Rx are the marketing names operating under the entities of Quartz Health Plan Corporation and Quartz Health Plan MN Corporation. These companies are separate legal entities. In this notice, "we" refers to these companies. We comply with applicable federal civil rights laws and do not discriminate on the basis of race, color, national origin, age, disability, or sex (includes sex characteristics, including intersex traits; pregnancy or related conditions; sexual orientation; gender identity; and sex stereotypes). We do not exclude people or treat them less favorably because of race, color, national origin, age, disability, or sex.

- We provide people with disabilities reasonable modifications and free appropriate auxiliary aids and services to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- We provide free language assistance services to people whose primary language is not English, which may include:
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact **Customer Success** at **(800) 362-3310.**

If you believe that we have failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with:

Chief Compliance Officer; 2650 Novation Parkway, Fitchburg, WI 53713
Phone: (800) 362-3310 (TTY: 711); Fax: (608) 644-3500
