We're devoted to supporting you on your journey to a life well-lived. That's why your Quartz plan features access to an extensive provider network of trusted doctors and facilities.

Our provider directory will give you general information that applies to most Quartz members. However, health benefits vary. Please read your plan documents to confirm what's covered by your plan.

Note:

- Directory information may change as providers join or leave the network, move, or retire.
- Before getting care, be sure to check that the provider you want to see is in your network and taking new patients.

Quartz UW Health Network Service Area

Your Provider Network

Your plan includes access to all **in-network** health care providers. A network is a group of doctors and other medical professionals who have an agreement with Quartz to treat our members. They'll bill us for your care. If we don't have a contract with a doctor or provider, they're considered **out-of-network**.

Quartz has several different networks. Your network is listed on your ID card—you can search for providers in your network at QuartzBenefits.com/findadoctor. Simply select the network name listed on your ID card and a list of in-network providers will appear in the search results.

If you don't see a provider on the list, they are out-of-network and not likely to be covered under your plan. Some Quartz plans, however, will cover services from doctors outside of your network. If you're unsure whether a provider is in-network or out-of-network, please call their office to check or contact Quartz Customer Success for help.

 Network service area – your primary care clinic must be located in one of these counties

 Counties with additional in-network providers available to you

Establishing Primary Care

QuartzBenefits.com/findadoctor

We ask you to **choose a Primary Care Provider (PCP) or Primary Care Clinic (PCP) at enrollment**. If you don't, we'll assign you a Primary Care Clinic near your home. You can make a new selection at any time, and family members don't need to have the same provider or clinic. Once you've chosen a PCP who best meets your needs, you can update your record via MyChart.

Where to Get Care

Choose the right care at the right place based on your situation. For all types of care, check to see what your plan covers, especially before being treated by someone other than your PCP. You can see all your benefits in MyChart (QuartzMyChart.com).

Prior Authorization

Most of the time, you won't need to check with Quartz before getting care. In some situations, though, you might need our okay first before we cover the costs. This process is called prior authorization. You, your doctor, or nurse will fill out a General Prior Authorization Request Form and send it to Quartz for our review. We will let you and your provider know if the service is covered by your plan (approved) or not covered (denied). If the request is denied, we will tell you how you can appeal the decision. Learn more about prior authorizations and download the forms at QuartzBenefits.com/priorauth.

Referrals

As a Quartz member, you'll never need a referral to see your PCP or other providers within your network.

Note:

- Some specialists may only accept you as a patient if you've been referred by your PCP.
- When getting specialty care, you may need approval from Quartz ahead of time to be sure everything is covered by your plan.

Pharmacies	A store where medicinal drugs are dispensed and sold.
Physical Therapy	The treatment of disease, injury, or deformity by physical methods such as massage, heat treatment, and exercise rather than by drugs or surgery.
Podiatry	The treatment of the feet and their ailments.
Portable X-ray Supplier	Portable x-ray suppliers provide diagnostic imaging services at patients' locations – most often residences, including private homes and group living facilities, such as nursing homes – rather than in a traditional clinical setting, such as a doctor's office or hospital.
Practice Location	A Practice Location is the health care facility where a physician spends the largest number of hours per week engaged in patient care. They may practice additional hours at other locations, too.
Radiology	This science deals with X-rays and other high-energy radiation, especially using such radiation for diagnosing and treating disease.
Renal Dialysis Unit	A ward or part thereof for dialyzing patients with advanced renal disease. Usually, outpatients may stay overnight; less commonly, inpatients may be awaiting a kidney transplant.
Sports Medicine Clinic	Sports medicine is a branch of medicine that deals with physical fitness and the treatment and prevention of injuries related to sports and exercise.
Urgent Care	Urgent Care Medicine is the provision of immediate medical service offering outpatient care for treating acute and chronic illness and injury.

Important Information about the Online Provider Directory

This directory was developed to help you easily find health care providers to meet your unique needs. It contains general information that would apply to most Quartz members. However, health benefit plans vary - please read your certificate of coverage to determine what services and supplies are covered. Note:

- Information in this directory may change as providers join or leave the network, move or retire.
- Quartz does not use criteria such as quality measures, member experience measures or cost-related measures to select practitioners for participation in Marketplace silver tier plans.
- Quartz does not use criteria such as quality measures, member experience measures, patient safety measures or cost-related measures to select hospitals for participation in Marketplace plans.
- Before getting care, verify the provider you choose is still in Quartz's network and is accepting new patients.

PRIMARY CARE PHYSICIANS

Nurse Practitioners (ANPs, APNs, APRNs, ARNPs, CNPs, CPNPs, DNP, FNP, NP, and WHNPs) and Physician Assistants (PAs) are licensed, highly qualified professional health care providers who work in partnership with medical doctors. While you may not select a PA as your primary care provider (PCP) at some locations, they are available for annual exams, urgent/problem visits and follow-up for ongoing health care.

(*) PCPs noted with this symbol are only accepting Quartz members who are existing patients.

(§) ANPs, APNs, APRNs, ARNPs, CNPs, CPNPs, DNP, FNP, NP, PAs and WHNPs noted with this symbol may not be selected as a PCP.

(¥) Providers with this symbol offer Telehealth Visits, which are remote scheduled appointments during clinic hours via telephone or video chat when clinically appropriate.

Contact facility for office hours.
