- ▶ For most expedient review: Forms should be completed by health care provider and submitted via mail or fax at **(888) 450-4711**.
- ▶ Requests can also be initiated via telephone: **(888) 450-4884**.
- ▶ To check the status of a PA request, contact Quartz Customer Success: **(800) 897-1923**.
- ▶ Additional information, including Prior Authorization criteria and FAQs, can be found at QuartzBenefits.com/providers

If request is for a nonformulary drug, information must be submitted that supports that all therapeutic alternatives will be or have been ineffective, would not be as effective as the requested drug or would have adverse effects. To request a review be processed as urgent / expedited you must write "URGENT" at the top of this form. By doing this, you certify that applying the standard time frame may seriously jeopardize the patient's life, health, or ability to regain maximum function or that the patient is undergoing a current course of treatment using a nonformulary drug. Documentation must be provided below FROM THE PRESCRIBER indicating why the request is urgent / expedited. **Without documentation to support urgency, request may be treated as a standard request.**

Support for need for urgency – _____

Note: Quartz has a New Member Override which may be used if the provider is unable to clinically support the need for an urgent / expedited review as outlined above and patient is currently taking a restricted medication. This will grant a fill immediately, and allow time to complete a standard coverage request without interrupting the patient's therapy. Call MedImpact Customer Service at **(800) 788-2949** to obtain this authorization.
